Todd Winegar, one of America's highest rated CLE speakers, uses actual film footage, re-creations, and verbatim trial transcripts to bring you a new and unique educational program. Dramatizations are used, together with original trial photos when no actual film of the trial exists. He is a dynamic speaker and practicing attorney who has taught CLE Programs throughout the country. With some 30 years of experience, his practice has involved him in some of the largest cases in his state, including an 8.1 million dollar plaintiff's verdict. Mr. Winegar's practice emphasizes civil trial litigation,

including a Minuteman missile accident case, professional malpractice, and product liability actions involving para– and quadriplegia. He draws examples from these experiences to present a thought-provoking yet practical seminar.
